We believe:

That faith in God gives meaning and purpose to human life;

That the brotherhood of man transcends the sovereignty of nations;

That economic justice can best be won by free men through free enterprise;

That government should be of laws rather than of men;

That earth's great treasure lies in human personality;

And that service to humanity is the

best work of life.

Points to Ponder

How is it we put man on the moon before we figured out it would be a good idea to put wheels on luggage?

Why is there a light in the fridge but not in the freezer?

Please feel free to submit future entries for Points to Ponder and if you have a comment we will include in a future issue.
